

Studio 1791

Party Time DJ's offers options to enhance a couple's wedding, including a master of ceremonies who coordinates the wedding reception and acts as a wedding planner and coordinator, working with your other vendors to ensure a smooth day. Working with the master of ceremonies is the party motivator, who encourages guests to get on the dance floor and get into action. Extras include laser light shows, which give the wedding some visual appeal, and props such as leis and sombreros, if the wedding calls for a conga line. ♥
